

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF NEW YORK**

SATCO PRODUCTS, INC.

Plaintiff,

v.

THE REGENTS OF THE
UNIVERSITY OF CALIFORNIA

Defendant.

Civil Action No. 2:20-cv-4956-WFK-JMW

JURY DEMAND

THE PARTIES JOINT STATUS REPORT

Pursuant to the Court's Orders dated September 9, 2023, and November 6, 2023, Plaintiff Satco Products, Inc. ("Satco") and The Regents of the University of California ("The Regents") respectfully provide the following status report advising the Court as to the status of the appeal currently pending at the Federal Circuit, captioned *Regents of the University of California v. Satco Products, Inc.*, No. 23-1356.

On April 9, 2021, Satco requested *inter partes* review (IPR) of U.S. Patent No. 10,644,213 ("213 patent"). See IPR2020-00662. On November 4, 2022, the PTAB issued a final written decision finding the challenged claims of the '213 patent unpatentable. On January 6, 2023, The Regents appealed the PTAB's decision. See C.A. No. 23-1356. This case was stayed on September 9, 2021, pending completion of U.S. International Trade Commission Investigation No. 337-TA-1220, captioned *Certain Filament Light-Emitting Diodes and Products Containing Same (II)*. (ECF No. 10). The Court ordered that the stay of this case remain in place until a decision in the pending appeal of the IPR regarding the '213 patent is rendered. (ECF No. 20; *see also* Text Order dated September 9, 2023). The parties' briefing in the appeal was completed on September 29, 2023. No decision has issued.

The parties agree that the Court should maintain the stay in this action until the issuance of the mandate in the pending appeal of the IPR regarding the '213 patent and order that The Regents' response to the Complaint in this action be due within fourteen (14) days after the issuance of the mandate in such appeal.

Dated: November 6, 2023

Respectfully submitted,

/s/ Scott J. Bornstein
